Your local business partner

We are re-focusing our vast reservoir of resources to deliver the right person for the right job in the right place, whatever the size or type of the insurance claim.

Getting you back in business

There is unprecedented pressure on businesses today, with insurance claims being catastrophic. Our priority is to work closely together to settle your claims quickly and cost effectively and get your business back on track as soon as possible.

At your side

In an increasingly multi-national world, we are all facing risks in both existing and emerging markets. With more than 7000 employees in over 60 countries, we can deliver local expertise and global reach wherever you need us.

Many of our staff are engineers, lawyers, accountants, surveyors and economists and have managed claims in every sector of the economy from schools to seaports and from mines to marinas – by way of cash machine and cars.

We have the strength and depth to be conversant with the issues you face, in the industries and geographies in which you face them.

Meeting your needs

Whether you are facing a catastrophic situation with complex claims, a one-off major loss or high volume claims, we have the resources to build a solution just for you. Our tailored proposition will provide the quality and quantity of staff needed, with the most appropriate experience, supported by technology that makes our processes faster and more effective.

Reflecting your unique business drivers, philosophies and technical claims requirements, we will deliver a consistent, first-class global service that exceeds your expectations.

Get in touch

If you would like to assign a claim, get some advice or simply find out more about how we can help you, please get in touch. We look forward to welcoming you to the new world at Cunningham Lindsey.
